

PDS

Professional Drawing Service

Services Offered

PDS provides quality structural steel detailing and drafting services for steel projects in South Africa. Our experienced detailers create structural shop drawings using 3D steel detailing software packages such as StruCAD and TurboCAD.

We are committed to providing high quality, high-speed detailing services at comprehensive prices. We have a strong reputation for quality, reliability and maintaining the projects schedule.

Professional Drawing Service (PDS)

Professional Drawing Service is a Division of QM Steel CC
